OBJECTIVE

Data Analyst, Data Scientist and Machine Learning Engineer
Keywords: Data Mining, Data Analysis, Machine Learning

EXPERIENCE

[2018.03]
"Data Mining and Machine Learning" course teaching assistant in Nanya Technology Corporation.

[2017.11]
NCTU ewant R program language course teaching assistant (Winter class).

[2017.08]
NCTU ewant R program language course teaching assistant (Summer class).

[2016.08] – [2018.06]
Course teaching assistant in NCTU for Engineering Economics, Production and Operations Management, Business Intelligence, Data Mining, Big Data Analytics and Mining.

[2014.03]
BAIS cram school math tutor (for junior high school).

EDUCATION

National Chiao Tung University (NCTU)   **Hsinchu, Taiwan**
- M.S. in Industrial Engineering and Management   July 2018
- GPA: 4.21/4.3   • Average Score: 91.19/100   • Rank: 8
- Thesis: Combining Hidden Markov Model with Ensemble Learning to Predict Hidden States and Conduct Stochastic Simulation.

Feng Chia University (FCU)   **Taichung, Taiwan**
- B.S. in Industrial Engineering and Systems Management   June 2016
- Minor in Business Administration
- GPA: 3.8/4.0   • Average Score: 87.46/100   • Rank: 1
- Programs: (1) Management of Technology Program, (2) Global Supply Chain and Logistics Program
- Independent Study: Taiwan's Local Flavor, Fruit and Teas - Innovative Entrepreneurship Plan.
- Conference: Exploring Influence of Arm-Angle and Training of Horizontal Bar to Grip. (2015).

SKILLS & OTHERS

- Honor: Selected for membership in Beta Gamma Sigma (BGS)
- Software: R, Python, SPSS, Minitab   • English: TOEIC 710
- Certificate: TBSA Certificate of Business Planning Proficiency (Elementary level)
- Interests: Fitness, Travel, Photography

MORE ABOUT ME

I'm interested in something new, although I will feel a little nervous when I meet the new things first time, but I still desire to learn and explore it. It can bring me a great sense of achievement.
